HIGH PERFORMANCE

¿Who are we??

Cantera Blanca Academy is made up of former **Real Madrid academy players**, the most prestigious club in the world.

We were born with a clear mission: **to pass on the values, discipline, and elite mindset** to the next generation of footballers.

Our experience in high-level youth development allows us to offer a real development environment, **where each player is supported by a technical staff with direct experience in Real Madrid's academy.**

Former players such as César Gómez, Tote, Alberto Rivera, Juanjo Maqueda, and Sebastián Losada are part of a project that truly makes a difference.

Because here, you don't just train: **you learn from those who have already walked the path to elite football.**

FOOTBALL

Camp

HIGH PERFORMANCE

¿What do we offer??

We offer a high-performance program based on years of experience within Real Madrid's academy, the most successful club in history.

Our program, **360 Canteranos Experience**, is built on three key pillars:

Complete Football Development. Through a dual methodology that combines individual technical training with real competition in federated clubs. We measure your progress through physical tests, personalized reports, performance analysis, and video analysis sessions.

Academic and Personal Development. We complement sports training with academic support, high-performance coaching led by former academy players, and nutritional guidance. All within a high-level environment: residence, gym, swimming pool, and all necessary daily resources.

Real Opportunities. Thanks to our network and FIFA agents, we bring you closer to the professional football environment. You will live unique experiences, visiting iconic venues such as the Santiago Bernabéu, Metropolitano Stadium, and the Spanish Football Federation facilities.

2026 SEASON

FOOTBALL
Camp
HIGH PERFORMANCE

¿Who is it for??

Our high-performance camp is aimed at boys and girls from the age of 12 who want to take the next step in their football development.

A program designed for those who want to improve both individually and collectively in a demanding, elite environment, guided by professionals trained in Real Madrid's academy. If you have ambition, commitment, and the desire to keep growing in football, this is your place.

LEISURE & TEAM DYNAMICS

We offer a complementary activities program designed to provide a fully immersive experience in elite football in Madrid.

During your stay, you will visit iconic venues such as Santiago Bernabéu and Metropolitano Stadium, and explore the Spanish Football Federation facilities.

This is complemented by cultural and nature activities, allowing you to discover the city, bond with other players, and disconnect in a unique environment.

Because you don't just come to train: you come to live football like a professional, on and off the field.
